I build websites and applications. After a work-study bachelor's in digital project management, I completed a 2026 degree in application design and development, the French CDA. I like work that pushes me, a new technology, and a team to share ideas with.

SKILLS

DevOps. Docker, Git, microservices, deploying a web application
Front-end. HTML, CSS, SCSS, JavaScript, Svelte, some React and Vue.js. Design: Figma
Back-end. PHP, Symfony, API Platform

SOFT SKILLS

Independence, clear communication, empathy, and team spirit
